

Durable

The Durable line is the embodiment of what it takes to withstand the daily use and abuse typically given to a locker.

Durable Plus

The Durable Plus locker is ideally suited for corridors and situations where the locker is likely to encounter harsher than normal usage.

Competitive

The Competitive lockers are more attractive and durable than ever. Doors are made from heavy 14 gauge steel.

Athletic

Athletic lockers are ideally suited for athletic team rooms, fire fighter's equipment or any other application.

All Welded Plus

The All-Welded Plus Lockers give you a choice between our traditional K.D. locker lines, and our All-Welded setup lockers.

Angle Iron

The Angle Iron Locker is built within a 1" x 1" x 1/8" angle iron frame. Diamond perforated doors and sides offer a high degree of air flow.
